

2024 Fees & Levies

Family Contribution

Facilitating high quality learning experiences in a stimulating and safe environment for all students at St Augustine's College comes at an economic cost that Commonwealth and State government grants alone do not cover. Like other Catholic education providers, we work in partnership with families and rely on their financial contributions to bring the vision and mission of the College to life.

We understand that sometimes financial hardship may arise and thus impact on a family's ability to make their contribution. If a family is in this situation they are encouraged to promptly make contact with the Business Manager at the College to work toward a resolution and discuss the availability of further assistance.

Device Repairs

MacBook or iPad repairs will not be covered by the school. Any breakages, damage or loss of the devices or accessories provided to students will incur a separate charge when required and will vary in cost dependent on the damage or loss.
